

New Product

Mercury 225HP & 250HP 3.0L DFI Pistons

Marine

Features

- Dedicated forging Superior strength to weight ratio utilizing an Aerospace alloy
- Armor Glide™ skirt coated..... Reduced friction, quieter operation, improved scuff resistance
- Semi-keystone chrome ring Wear resistant face with pressure back design for long life and optimum ring seal
- Electra coated..... Eliminates ring and piston pin scuffing for increased life and added performance
- CNC Machined..... Optimal cam shape and profile for peak horsepower and service life
- Made in the USA..... Over 70 years of experience with forged piston technology by American craftsmen

Benefits

- Piston includes: piston pin, rings, and retainer clip
List Price (USA): \$135.00
