

New Product

Harley Davidson Black Edition '17 Milwaukee 8 CVO Pistons

Featuring ArmorX™ coating with ArmorFit™ skirt coating

Features

- ArmorX™ piston coating
- ArmorFit™ skirt coating
- Dome design
- Compatible
- High compression
- Tool Steel Superfinish piston pin
- Enhanced pin oiling
- Augmented ring land details
- Dedicated rings
- Experience

Benefits

- Superior protection in extreme conditions, reduced wear
- Auto-adjusts to cylinder wall, no need to measure clearance
Smooth, quiet, and trouble free operation
- Improved flame travel to maximize air/ fuel burn efficiency
- Fits OEM & Screamin Eagle cylinder heads, and oversize valves
- 11:1 compression for added power
- Improved strength, reduced friction
- Improved lubrication and better pin oiling, reduced friction
- Improved ring seal and function
- Steel nitride top, napier second, high tension oil ring
- Over 75 years as the industry leader in forged piston technology

K Series piston Kit includes two each pistons, rings, pins, and circlips. Retail pricing (USD): Kit: \$410.00

VT Series kit includes piston assemblies and top end gasket kit. Retail Pricing (USD): Kit \$484.95

Top End Gasket Kit includes head and base gaskets only. Retail pricing (USD): Kit: \$74.95
