

New Product

Arctic Cat Crossfire 8,F8, M8 Series Piston Kit 2007-08

Snowmobile

Photo courtesy of SnoTech Magazine

Features

- Dedicated forging Superior strength to weight ratio utilizing an Aerospace alloy
- Race proven designs Utilized by the top team in snow cross, cross country, and drag racing
- Semi-keystone chrome ring Wear resistant face with pressure back design for long life and optimum ring seal
- Electra coated Eliminates ring and piston pin scuffing for increased life and added performance
- CNC Machined Optimal cam shape and profile for peak horsepower and service life
- Skirt coated Reduced friction and quiet operation
- Made in the USA Over 64 years of experience with forged piston technology by American craftsmen
- Light Weight Less vibration and improved throttle response

Benefits

- Piston Kit includes: pistons, piston pin, rings, retainer clips, and gasket kit.
List Price (USA): \$359.16
- Piston includes: piston pin, rings, and retainer clip
List Price (USA): \$124.99
