

New Product

Honda CRF150 Piston Kit

Motorcycle

Building on our legacy of championships, Wiseco is proud to introduce the next level in performance for the CRF150. Forged from aerospace alloys on dedicated tooling to provide the ultimate in performance and reliability.

- | Features | Benefits |
|------------------------------------|---|
| • Dedicated forging | • Light weight / Superior strength |
| • Stock Compression | • Original characteristics |
| • Hi-Compression | • Maximum torque and throttle response |
| • Dome design | • Improved flame travel |
| • Chrome plated piston pin | • Reduced friction / Scuff resistance |
| • Horizontal slot pin oiling | • Reduced friction / Scuff resistance |
| • Pressure seal groove | • Maximum ring seal |
| • Skirt coated | • Reduced friction and quieter operation |
| • Dedicated rings | • Maximum compression and oil control |
| • Experience | • 65 years as the industry leader in forged piston technology |

Piston sold complete with: Rings, piston pins, and circlips.

Prices (USA): Stock Compression: 66mm: \$125.69 68mm: \$138.26
 Hi Compression: 66mm: \$152.09 68mm: \$167.30
