Wiseco Small Block Chevy 23° 400 Piston Kit

Automotive

- Wiseco's Pro Tru Small Block Chevy 434 cu. in. pistons are specially designed bracket racing pistons that can be used with nitrous. The pistons are made from high-tensil strength 2618 aluminum and designed with a thick crown area for maximum durability. The reverse dome with squish design gives you optimum performance.

Kit comes complete with .927 pins, locks, and 1/16 Hastings pre-gapped Plasma rings. The pistons will give 10.5:1 compression ratio with a .038" gasket and 0 Deck using 67cc heads.

Prices (USA):

Small Block Chevy 23° 400 Kit.....\$843.86
Individual Piston.....\$105.45
