

New Product

Wiseco Ford Modular V8

Automotive

Wiseco's new line of 2618 alloy forged pistons are in a class by themselves. Strutted forging technology is superior to full round and slab-sided types. The XX 1mm nitride steel top, 1.2mm Napier, and 2.8mm oil rings are included and are superior to all others. Maximized ring lands are the result. Offset pins and Wiseco's ArmorGlide™ skirt coating provide a long life of quiet performance. An industry first, combining 2,3, and 4 valve compatibility in a multitude of volumes means engine builders get exactly the compression ratio needed. The toughest, quietest, and best quality. **Special note: K488 is 4v only.

Prices (US): Kit \$1,053.52, Piston \$131.69

Kit Part #	Cubic Inch	Repl. Piston	Bore Size	Stroke	Rod Lgth.	Comp. Ht.	Dome Volume	Comp. Ratio	Repl. Ring Part #
