

New Product

Wiseco High Performance Camshaft- KX250F/ RMZ250

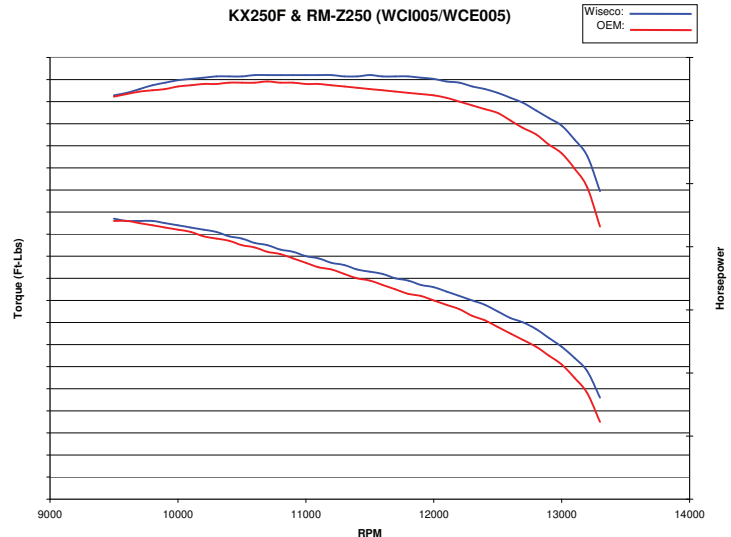

Motorcycle

Wiseco's new Camshafts are made from premium materials, state-of-the-art forgings, machined to exact tolerances, and specifically engineered for high performance and maximum durability. Brought to you by one of the most trusted names in the industry... Wiseco.

Wiseco Cam- blue
OEM Cam- red

Wiseco's new high-performance camshafts for the Kawasaki KX250F and Suzuki RMZ250 produce 4% horsepower and 4% torque gain over the stock OEM camshaft across the mid range and top end.

Features

- Polished lobes.....
- Direct OEM replacement.....
- Made from dedicated forgings.....
- Polished lobe design.....
- Dyno and field tested.....

Benefits

- Reduced friction and wear
- Drops in without any engine/ head modifications.
- No core exchange required.
- Designed for overall HP and torque gain. Asymmetric design for better performance & less valve wear.
- Assures perfect match with Wiseco high performance forged pistons

Each camshaft includes hi-performance assembly lube.
Prices (USD): \$209.95
